

## THE MARKETS.

Prices Still Going Up and the Buils Noisy and Happy.

The Market Closing Heavy and "Topsy," However.

*Special Dispatch.*

NEW YORK, Feb. 4.—Market opened weaker to-day under heavy realization, but in pursuance of the plans of bull manipulators the market continued without a reaction until after 1 o'clock p. m., when it was sold off by the room traders, and under pressure of long stock offering. The Northern Pacific stock was heavy all day, and toward the closing exhibited decided weakness. The Iowa pool news, and reports of trunk lines cutting, failed to affect the market in the shortest during the morning's trading. The market closed heavy and "topsy."

The Vanderbilt people talk rather more conservatively, and the market was silent, but was rather too rapid. Vanderbilt, himself, said he would prefer a more gradual advance. Gold was much pleased, and believed the bull market would last a year. His following intimate that it will not be the policy of the bull leaders to permit much decline in prices at present, although a moderate reaction may be encouraged to admit outsiders.

Bulls in Union Pacific say the pool has started for a long campaign, and it has no stock for sale at present quotations. An advance to 60 is said to be projected in Reading immediately, and the parties who say this are not Vanderbilt people.

Leasing stocks and tenement houses are urging them to buy consolidated southern, predicting a considerable advances soon.

A large number of commission brokers say that they had more general outside business on Saturday than before in a year. They admit heavy realization by insiders in the afternoon, but not enough to bring the advance to a halt.

Smith and Woerlaescher said yesterday they covered many shorts and had shipped out some money on the advance. Smith further said he was now short less than one-quarter of stocks he had out on Thursday, and said that he could buy as fast as anybody whom necessary.

Chicago private dispatches say the Iowa pool members will adjourn without any definite result.

Philadelphia houses have been large sellers of the ex-Villards.

Sales of stocks to-day aggregated 513,589 shares, including the following: Canada Southern, 9,500; Central Pacific, 6,395; Delaware, Lackawanna and Western, 12,459; Erie, 9,770; Kansas and Texas, 12,575; Lake Shore, 28,820; Louisville and Nashville, 8,390; Missouri Pacific, 23,300; Northwestern, 26,068; New York Central, 13,160; Reading, 57,730; St. Paul, 68,600; Texas Pacific, 13,500; Union Pacific, 51,960; Western Union, 23,132; Oregon Transcontinental, 32,610; Northern Pacific preferred, 15,330; Canadian Pacific, 6,000.
